## Use of Telematic Devices = Changing Drivers' Behavior for the Better!

Telematics in vehicles play a beneficial role in many ways....

- **promoting safe driving**
- **reducing the frequency of auto accidents**
- **helping drivers save money**

The device monitors miles driven, time of day, rapid acceleration and hard braking. You can follow your results online to see what areas may need improvement.

Some companies give discounts upfront for drivers willing to install the device and some companies allow you to earn additional discounts for good driving habits.

Call us if you would like more information, and be safe out there!

## News Around the Office

**The Team Member we are highlighting this month is Amanda Patterson.**

**Amanda Patterson -  
Mom, Photographer, and  
Customer Service Representative!**

Amanda joined Bene'-Kelly Insurance in 2011 but has been licensed and in the insurance industry since 2006. Her girls, Mikell and Madison, are very involved in dance and gymnastics and their schedules keep her busy!

Amanda's family will be growing by two (Doug and daughter Isabelle) as she will be getting married in 2016. She is a connoisseur of Doug's culinary talents which in turn makes a good fitness workout part of her day.

As a hobby, Amanda enjoys photographing family and wedding events.
