College Students & Insurance: What you need to know

It's an exciting and emotional time when a child heads off to college, but for some parents it can also be a confusing time in regards to their insurance.

Here's what you need to know.

- If they take a car to school, we can rate the car at their new address which could lower your price.
- If the car stays home, we can add the Distant Student Discount to your policy for more savings.
- If they are living **on campus**, your home insurance provides coverage for their belongings.
- If they move to an apartment or a house off campus, we can write Renter's Insurance to protect their property - the cost is very affordable!
